

Kelvin

Hi! My name is kelvin. I'm from London, U.K.

Before I started teaching English in Japan, I worked in the film and television industry in the U.K. It was really fun and I got to meet lots of people.

I moved to Nagano city in spring 2013. I live with my wife and daughter. We have a pet dog too, his name is Max.

I love taking photos and watching old japanese movies like Seven Samurai.

I enjoy being outdoors and relaxing in onsens.

When its sunny, I like to go hiking and rock climbing.

Its a great way to exercise and see Nagano. I'm very lucky to live next to so many beautiful mountains.

Let's have fun learning English together.
